

Thanks for go-kart decision

Editor,

A big thank you to our elected representatives who listened to their constituents and voted against racing on the former mill lands.

To people from out of town who complain that Youbou is backwards and resistant to change and economic opportunity: great towns don't happen by accident, they happen because the people who live there fight to keep their town special.

Sometimes that means saying no.

What Youbou needs is a diverse, sustainable, environmentally friendly, job-creating development for the former mill. Go-kart racing does none of these things.

Gracie MacDonald and Al Black,

Youbou
