

# Next: screaming kids at the beach

**Dear Editor:**

Way to go, Cowichan Valley Regional District! You've turned down that noisy kart track. Now get together for something else on the very polluted mill site. I have a good idea: a graveyard.

Everyone in the Cowichan Lake area wants one. CVRD, let's get some action on this. No digging with back-hoes! Muffle your shovels. Only allow digging Mondays and Thursdays between noon and 2 pm.

While I'm at it, stop those kids screaming at Arbutus Beach. Logging trucks! Can't they go down the other side of lake?

CVRD, here's a few more: no power boats, weed eaters, lawn mowers, chain saws, building houses on weekends. Lots of luck in next election, Brooke Hodson; you'll need it.

When the last person leaves Youbou, please lock the gate.

**J.M. Jamieson, West Youbou**
